

GET CONNECTED!

.....
First-Ever

Oakland Digital Inclusion Summit

February 15, 2008

10 a.m. - 6 p.m.

Laney College Theater

900 Fallon Street in Oakland

FREE & only minutes from Lake Merritt BART!

INTERNET 4 EVERYONE!

The Internet can be a powerful tool for communication, education, and creativity.

But many people cannot take advantage of this resource because of financial barriers, disabilities, low literacy, and limited English fluency.

Help us develop practical solutions to end this digital divide in Oakland!

We want to make the Internet and technology hardware and services

affordable and accessible 4 everyone!

.....
Underserved communities must be at the forefront of digital inclusion.

This means going beyond basic access to the Internet to ensure that everyone has the hardware, skills, resources, and technical support to make that access meaningful to daily life.

.....
Oakland is well-positioned to model a sensible approach to ending the digital divide from the community up. A supportive mayoral administration and a committed group of technology access providers and advocates can help make our visions for digital inclusion a reality.

.....
Now is the time to GET CONNECTED! We hope that all our fellow Oakland workers, NGOs, and residents will join us to make this event a clarion call for real inclusion in the digital age **4 everyone!**

.....
Entertainment and refreshments provided!

Visit www.media-alliance.org or call 510-832-9000 x303 for more information and to register.
